EXPERIENCE

Come make your own wine while enjoying a weekend among the vineyards at **Cal Martí rural house**.

A weekend you will remember and **enjoy throughout the year**, because the group will make **60 bottles** of single-variety white wine (the grape variety will be chosen based on the ripeness of the grapes that weekend).

Before Christmas, once the wine is finished, it will be bottled and sent to the guests' homes.

There is also the possibility of having a second weekend at the rural house, where the wine will be bottled and guests can take it home.

THE REASON

For almost 20 years, our family has been able to enjoy this experience, as we have our own vineyards and an oenologist in the family.

Until 2023, it was all a "hobby" that allowed us to enjoy it throughout the year. That year, we were fortunate to start producing our wines for commercial sale at the new Winery Incubator of Penedès.

Now, we want a group of up to 12 people to enjoy this wonderful experience and live firsthand the sensation of making their own wine and being able to share it throughout the year with family and friends.

WHEN?

A **SINGLE** weekend, **from 19 to 21 September 2025**, which is when the grapes will be at their optimal moment for harvest.
